

STG International's Michelle Lee to Speak at *GovCon Executive Perspective Series on Managing Growth*

Alexandria, Virginia – September 12, 2008 – Michelle S. Lee, Founder and CEO of STG International, Inc., a nationwide provider of human capital management solutions, medical services/staffing, and professional consulting services to federal government has been invited to participate in the *GovCon Executive Series on Managing Growth* on October 2, 2008 at the Hilton in McLean, Virginia.

The panel discussion, *Strategies to Avoid the Middle Market Blues*, will describe the phenomenon, known to many, of being a middle market government contractor today. Middle market companies are too big for set-asides and too small to have the proposal/delivery resources of the large companies the 'mids' compete head-to-head with for government contracts. Audience members will hear how STG International is aggressively competing in this space and building the infrastructure necessary to be a successful, middle market contractor. Topics include GSA Schedules, compliance issues, teaming, and organic growth strategies.

This event is a must attend event for any government contractor focused on meeting the challenges and seizing the opportunities presented by a changing Government marketplace. Ms. Lee's fellow panelists included Dawn Chronister of Cordia Partners and Tom Fuller of Beers + Cutler.

Ms. Lee, who founded STG International, Inc in 1997, possesses more than 20 years of experience in all aspects of business operations and government contracting. She is a hands-on executive, involved in every aspect of business operations and customer development within STG. As President and CEO of STG, she has successfully transitioned and managed hundreds of business contracts, worth more than \$750 million, during the course of her career to date.

For more information on how to register for this event please visit the GovCon website at: [GovCon Series](#)
