

STG International Continues Expansion of Healthcare Services with Veterans Outpatient Clinic Contract

Alexandria, VA – December 28, 2009 – STG International has been awarded a five-year, \$3.5M contract from the Department of Veterans Affairs (VA) Black Hills Health Care System to provide outpatient care to veterans at the Community Based Outpatient Clinic (CBOC) in Scottsbluff, Nebraska.

Throughout the duration of the contract, STG International’s healthcare and administrative specialists will deliver primary medical care to the clinic’s 900-1,200 veteran patients.

The clinic’s transition to a contract-operated model will facilitate timelier access to care; STG International will increase clinic operation from three days per week to five days per week.

“It’s a special honor to help improve the quality of life for veterans in the Black Hills system,” said

Michelle Lee, president and CEO of STG International. “Our team will do everything possible to ensure our veterans receive top-quality healthcare that’s commensurate with their levels of sacrifice.”

Already, the Black Hills Health Care System has had success with contract-managed clinics in multiple South Dakota locations. It plans to restructure four additional CBOCs in the days ahead.

About STG International:

STG International, Inc. (www.STGInternational.com) is a woman-owned minority business, founded in 1997 to provide human capital management, medical, and professional services to Federal and private sector clients.
