STG International, Inc. Named to *Washington Technology* Fast 50 Government Contractors for Second Consecutive Year

Second straight year at #13 Designation Showcases Contractors Growth

Alexandria, VA – October 16, 2006 – STG International, Inc., a premier provider of technical, professional, and medical services to the federal government, was named to *Washington Technology*'s Fast 50 list of the fastest growing companies for the second consecutive year. The designation comes one month after STG had their second appearance on the *Inc.* magazine's list of the 500 fastest growing, privately owned, companies in the U.S.

STG ranked #13 on this year's *Washington Technology*'s Fast 50 list. The Fast 50 list, part of *Washington Technology*'s annual small business special report, recognizes the most successful companies in the government market, as determined by each company's revenue growth over a four-year period. This year STG experienced a compound growth rate of 112.1 percent. This compound growth rate was determined by annual revenue from 2001 to 2005. STG provides a range of services to the Federal market including: information technology, human capital management, management consulting, healthcare consulting, medical services and staffing, and professional and administrative services. STG's impressive growth record has resulted in expanded services and operating locations in 33 different states, as well as Washington, D.C. and the Commonwealth of Puerto Rico. STG debuted on the Fast 50 list at number 13 in 2005.

Washington Technology, the only national publication for government IT systems integrators and resellers, recognizes the most successful companies in the government market. It is published bi-monthly and delivers essential business news to 40,100 business executives whose company's provide high level technical service to the government. Each issue features the latest contracting wins, government initiatives and projects, case studies and technology news.

“The companies on the Fast 50 list represent some of the most vibrant and inventive firms in the public sector market,” said Nick Wakeman, Editor, *Washington Technology*. “Their success is a testament to hard work and perseverance.”

“We are very pleased to see STG on the Fast 50 list again this year” said Michelle Lee, President and CEO of STG International. “Our continued growth is evidence of the dedication and outstanding performance of our STG workforce and the confidence our customers have in the jobs we do for them.”
