STGi Announces Re-Opening of Veteran Community-Based Outpatient Clinic in Scottsbluff, NE

ALEXANDRIA, VA, April 21, 2010 – STG International, Inc. (STGi) announced today the grand re-opening of the Veteran Community-Based Outpatient Clinic in Scottsbluff, NE.

In addition to expanding its operating hours from 3 days a week to 5 days a week, the clinic will now offer a full-time pharmacist and a part-time behavioral health professional provided by the Veterans Health Administration.

On March 2, 2010, the Department of Veterans Affairs contracted STGi to assume management of the clinic's operations. It is now fully staffed and supported by local STGi employees and physicians, but it remains part of the Black Hills Health Care System and a full-fledged VA clinic.

At an Open House celebrating the clinic's revival, STGi CEO Micelle Lee expressed great enthusiasm for a long-term partnership with the VA. "We are honored to provide to-notch medical services to the Scottsbluff's Veteran community," said Lee. "The heroism and sacrifice of our veterans makes this work a labor of love."

The clinic will continue to offer a wide range of medical services, including—cancer screenings; prostate exams; pap smears; breast exams; routine labs; x-rays; EK Gs; immunizations; medication reviews; mental health services; treatment of diabetes; hypertension; respiratory disease; and the common cold; flu; and most other ailments.
