STG International Headquarters Moves to New Facility

Alexandria, VA – April 6, 2009 – Effective April 6, 2009, [STG International](http://www.stginternational.com) (STG) corporate headquarters will be in a new facility in Old Towne Alexandria, Virginia. The company's new address is:

99 Canal Center Plaza
Suite 500
Alexandria, VA 22314

The 25,000 square foot space is where STG International's corporate headquarter employees will continue providing critical staffing services to the federal government, in support of its 1,700-person workforce nationwide. All phone, fax and extension numbers will remain the same.

The new office is located along the Potomac River with a great view of the Nation's Capital and National Harbor. It is located several blocks from the Blue and Yellow lines at the Braddock Road Metro Station and there is a dedicated shuttle between the Canal Center Plaza and that Metro station.

"I'm so pleased that my employees can enjoy the view and the collaborative feeling this new space provides, without having to drastically change their commutes," said Michelle Lee, president and CEO of STG International. "This move represents continued growth and success that I expect for STG International down the road."
