## STG International, Inc. Celebrates its 10-Year Anniversary

**Alexandria, VA – April 22, 2007** – STG International, Inc. is proud to recognize a significant milestone in our company’s history. This year, STG International celebrates its tenth year of providing outstanding service to our Government in the areas of medical staffing/recruitment and human resources solutions! What started as a small, 8(a) business run by Michelle Lee out of the basement of her home has grown into a multi-million dollar company with employees working in thirty four states. Since its inception, STG has successfully managed numerous contracts across a number of federal departments and agencies. Much of the company’s growth is due to our recognized successful past performance on our contracts.

Michelle is quick to acknowledge that this success would not be possible without the hardworking, dedicated employees of STG International. “Each and every employee has contributed to the success and growth of STG, and as we celebrate our first decade as a company, we want to take a moment to recognize the valuable contribution of our employees. You are our colleagues, our teammates, our friends. I thank you and honor your service, hard work, and commitment to this organization. Thank you from the bottom of my heart.”

Ms. Lee went on to say, “and as we look to the next ten years of growth, our goal is to establish STG International, Inc. as the premiere provider of healthcare programs, medical services, human capital management, management consulting, information technology, library, professional, and administrative services to our Government.”

**Michelle S. Lee,**  
 President and CEO,  
 STG International, Inc.

In addition to receiving such noteworthy awards as the *Inc.* 500 fastest growing privately held companies, and the Washington *Smart CEO*/Grant Thornton Future 50—both two years in a row—STG is very proud to be a part of the mission goals and accomplishments achieved by such agencies as the Department of Health and Human Services/Program Support Center; the Division of Immigration Health Service; the Agency for Healthcare Research and Quality; Naval Medical Logistics, WHS, Oak Harbor; NARCO- FT. Meade, MD, Kimbrough Ambulatory Care; the US Air Force Academy; the Administration for Children and Families; and the Federal Occupational Health Service.

We celebrate ten years of being in business this year, but it is only the beginning!
